SMPSI

- +Simplifies Installation
- + Improves Reliability
- + AC test point
- + Provides 6kV Surge Protection

6 Times Surge Capability:
20,000 Amp peak surge capability vs 3,000 of other brands

Multi-Stage High Energy Surge Suppression:
4 levels of surge protection protecting your gear

Line Drop Overvoltage Protection:
Current Limiting fuses prevent damage when power short circuits

Surge Durable:
Protects during a 20,000-amp peak surge

Rugged:
Case is specifically designed for field use and long-life span

For less than a truck roll add Kenick's unparallel, field proven, patented surge protection, VSS-20
