

Surge Protective Device

PE-101S
Plug-In Surge Protection

Technical Documentation

Designed to expand existing outlets and provide charging for mobile devices, this wall charger plugs into existing outlets in your home or office and gives you 3 surge protected outlets for you to plug in your devices.

Each of the 3 outlets is also protected by child safety triggers to prevent unwanted insertion.

Two USB charging ports that supply a total of 2A are also provided to charge your smartphones, tablets, and other USB devices. To meet safety requirements, these wall chargers are also ETL listed.
